Trouble at Other Points and Many Being Put to Death-5,000 Executed in One Town.

HONGKONG, China, June 26.-British troops have been despatched from here to guard the frontier, where they will remain for an indefinite period. The city of Canton is in a ferment and all trains coming from Canton to Hongkong have been delayed owing to troubles on the railroad. Several of the locomotives have been tampered with. The leaders of the Manchu movement are known to be residents of the Portuguese dependency of Macao and in the city of Hongkong. Quantities of money are coming into the southern provinces and arms and ammu-mition have been smuggled extensively into the Province of Kwantung, while secret meetings have been held to organ-ize an uprising in Wuchow and Canton. The policy of the Government officials is unpopular and executions are occurring daily. The Mayor of the maritime town and treaty port of Pakhol, on the Gulf of Tonking, boasts that 5,000 persons have been killed there alone. The authorities at Hongkong are keeping a watchful eye on the foreign settlement in Canton and on the British railway. Many Chinese are leaving the city.
